2.3.2 - Students mentoring system available in the institution? Give details. (maximum 500 words)

Yes. Student Mentoring System is adopted in the Institution. This enables bridging gap between the Teachers and Students. This creates a better environment in the college, where students can approach teachers for both educational and personal guidance. Motivate students to attend holistic activities like placement, internship and technical symposium in inter-intra College events by our Kanyakumari Dist and Tamilnadu.ka. Providing guidance/suggestions for the slow learners. Mentoring System has emerged as a strong response to the plight of students at-risk. Mentors meet their students and guide them with their studies and extra-curricular activities. They also provide advice relating to selection of major, career guidance and personal problems. The mentors act as guides to the students during their summer and final projects. The Academic Committee of the Institute discusses the mentoring related issues at least twice in a semester and revises or upgrade the system if necessary. Benefits of a Mentoring System NICAS: • Enhances the students' confidence and challenges them by setting higher goals, taking risks and ultimately guiding them to achieve higher levels. • Individual recognition and encouragement. • Psychosocial support at the time of need. • Routine advice on balancing of academic and professional responsibilities. • Class in_charges act as Mentors as role models and facilitate leadership by developing the interpersonal skills and helping students thrive in competitive environments. • Students get access to a support system (Mentors) during the crucial stages of their academic, professional and intellectual development. • Students get an insider's perspective on navigating your career in the right channel. • Students get an exposure to diverse academic and professional perspectives, and

experiences in various fields. • The mentees get a direct access to powerful resources within your major or profession. • The mentors lay the foundation for the students to reach greater heights in their professional lives- Thereby contributing to lasting personal and professional relationship

2.5.2 - Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

For undergraduate programs, the institute conducts two mid-exams of 40 marks each, comprising University Question pattern 36 marks for descriptive, four marks for objective and five marks for assignment. The average marks of both examinations are considered as final mid-marks. End semester examination is for 75 marks which is conducted by the university. For the post-graduate program, the institute conducts two mid-exams of 40 marks each as per university norms, and the end semester examination is for 75 marks which are conducted by the university. After completion of the internal examination, the faculty evaluates the answer scripts and distribute to the students for doubt clarifications or re-correction. The faculty submits the recorrected scripts to the examination branch and marks are sent as a progress report to their parents address. Then the principal conducts a meeting with HODs to discuss the students performance and necessary action plan for further improvement. For laboratory evaluation for under graduate, the institute conducts two lab internals for 50 marks each. It is divided into ten marks for the written exam, and 15 marks are allotted for day-to-day performance in the laboratory. External lab-examination is conducted for 50 marks as per regulation. Reforms in the Evaluation process: 1. Awareness of evaluation and assessment system in orientation program. 2. Conducting tutorial classes to clarify doubts and re-explaining the critical topics. 3. Regular unit tests, Surprise test Quiz are conducted prior to mid examinations. 4. Regular conduct of group discussions, seminars and guest lectures. 5. Monitoring the improvement in slow learner and encouraging the fast learners by reviewing their performance. 6. Industrial visits are arranged for the students and students submit the visit report which is also evaluated.

2.5.3 - Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

The academic calendar is prepared by college at the beginning of every year to mark the significant academic events, curricular and co-curricular activities, various national and international days, festivals of different religions. The academic calendar plays a vital role in the functioning of academic activities as it remains the significant activities to be taken care of in future. It prepares academic calendar based on University calendar. The academic calendar was distributed to the students, teaching and non-teaching staff. The academic calendar contains the list of national, local and institutional holidays. It also contains the vision and mission of college, names of teaching and non-teaching staff, important telephone numbers, important information related to student discipline, attendance regulation, rules and regulations of college. In addition to Tamil Thaivazthu, National pledge, National anthem, the emblem of college is also presented. A brief history of the institution, courses available in college, name of various committee members and activities of our college is also presented. The internal exam was conducted based on university calendar schedule. At the end of each semester examinations are conducted and evaluation is carried out by University. The final evaluation and exam results are declared and Mark Statement are issued by affiliated University. After result publication all the departments gave result analysis to IQAC and seeks guidelines for further improvement.

The institution has a practice of participative management. The college provides the better opportunity to all the participating in the decision making process, the college administrative and academic structure is in a manner to make the decision by participative arrangement. Principal is the administrative and academic Head, followed department heads. The principal meetings of the department are held often consider the recommendations are sent to the principal, the principal in consultation with all department heads the final decision is arrived at. On administrative ground the Principal is followed by our affiliated university Registrar. The college follows all such norms laid down by the Government of Tamilnadu. The case study related to such Participative management is stated as follows: A) During affiliation process all departmental heads are requested to send their proposals for commencement of new courses and they are inculcated affiliation date. B) N.S.S. camp is held once in a year, the N.S.S. committee conduct a meeting to decide the place/venue, dates and that is provided as per the convenience and discussion with the principal. The responsibility rests with the N.S.S. programme officer. The decision between participative the service of meeting is conducted to arrive the decision. C) The College has conducted Seminar at State and National Level. The departments decided the subjects of the seminar in their departmental meetings. This is communicated to the college principal and authorities. This is included and sends to the

University for setting the financial assistance, the financial assistance to these seminars conducted by the college. This is also an example of participative arrangement. D) The examinations are carried out periodically throughout the year for which there is separate examination department. The CEO is in charge of examination department, the administrative heads are the office employees. They conduct regular meetings and approved by principal thus the participative arrangements is being followed in decision making. The organization follows the principle of division of work and the decentralization of work. The college administration follows the principle of the participative and consultative management. The society is empowered to explore the Principal, teaching and nonteaching staff. On college level Principal is head of the institution and is an administrative and academic head of the college. For extension work college has constituted various committees in order to work out the various programs related to N.S.S, science exhibition, student welfare, sports and cultural activities and so on. 7.2 - Best Practices

7.2.1 - Describe at least two institutional best practices

Best Practices I. Promotion of research culture in college II. NSS Units and its activities.

Best Practices I Title: - Promotion of Research Culture in the college Goals To encourage and inculcate a research culture among the faculty of the college. 1. Encourage the faculty members to undertake research projects both Major Minor and publish books and also research paper in national and international journals. 2. Facilitate the faculty member to supervise their scholars for PH.D degree 3.Encourage and provide necessary supports to the faculty to present papers and attend national and international seminars and conferences. 4.Encourage faculty to organize college/regional/state/national/international level seminar and workshop. 5. Encourage faculty to have M.Phil/Ph.D. • Purchase of books and journals according to the needs of the faculty. • Recommend for on duty leave to present research papers in seminars, conference and workshops by the faculty members. • Monitor that infrastructure facilities are provided in the college premises to carry out major and minor research projects. Evidence of success: New entrants in the faculty are getting motivation to prepare their registration in Ph.D degree by Mamommaniam Sundaranar University and they are presenting paper in the different seminars and workshop. Best Practice: II Title: - NSS Units No.138 165 203 and its activities. The Goal(s):

- To know the economic conditions of the surrounding locality of our college.
- To Make a responsible citizen through various activities performed by the members of the NSS Units of the college.
- To Develop the leadership qualities among the volunteers.
- To increase efficiency among the volunteers in different fields.
- To build a sense of responsibility towards his/her neighbour.
- To know the socio-economic position of the common mass of the surrounding locality of the volunteers.

The Context Subsequently, other two separate units i.e. I II were opened. The three units are rendering their NSS Activities with its motto "Not Me, But You". The volunteers have taken a serious role relating to the environmental awareness, health and hygiene of the local pupil. The Practice NSS volunteers have served the common masses through the following activities during the whole year in their adopted Brahmapuram Ward No 21. of the Bramahpuram Municipality:- (i) Every year blood donation camps are organized. (ii) Health check up camps in the college premises is organized. (iii) Spreading of Bleaching powder in the slum areas . (iv) Free health check up camp for the common people of the surrounding slums area of the college. (v) Awareness program relating to health and hygiene, family planning, socio-economic conditions and its improvement, prevention of outbreak of various diseases. (vi) Awareness activities to motivate the local poor people to live in a clean environment and encourage their children to go to schools. (vii) College campus cleaning. Evidence of Success The involvement of the students in awareness program under the guidance of the program officers (N.S.S) has created waves among other students especially among the new entrants.

7.3 - Institutional Distinctiveness

7.3.1 - Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

Best Practice 1: Environmental Management: With environmental challenges popping up faster than expected the classroom becomes the ideal place to introduce students to environmental awareness. This will encourage young people to engage in their environment to protect it and can help communities become more environmentally aware. They are becoming increasingly conscious of issues such as famines, droughts, floods, scarcity of fuel, firewood, pollution of air and water, problems of hazardous chemicals and radiation, depletion of natural resources, extinction of wildlife and dangers to flora and fauna. Since, Tamil Nadu incorporated environmental education as part of the curriculum and it's mandatory for all the students irrespective of their curriculum. To boost clean environment at Noorul Islam college of Arts Science, management, Principal and teachers developed and employed special contemporary environment awareness packages for the students through NSS and formed Save Green Club for conserving environment by introducing 3 R's to the students reduce waste, reuse resources, and recycle materials. Green club organized seminars and programme comprised of poster making, essay writing, slogan writing competition, and signature campaign to celebrate the special days like world environmental day, wildlife day, world water day, forest conservation day etc., and also created awareness about the necessity of alternatives for plastic among student population. All these programmes encouraged students to switch off all fans and lights when not in use to conserve electricity and advised them to ensure taps are closed properly after they

have used water. Tamil Nadu government has stressed the importance of rainwater harvesting since the ground water level has depleted to alarming level and demand of water increased. In order to save water and save earth initiatives of planting trees and constructing rainwater harvesting structures were taken. All faculty members, nonteaching staff members, and students participated in the tree plantation drive in the campus. Best Practice 2: Nurturing Gender Sensitivity. Colleges can play an important role in inculcating gender sensitivity in etiquettes and manners of students. It is necessary to create a gender responsive campus in which the academic, social and physical environment and its surrounding community take into account the specific needs of girls and boys. It intends to change attitudes, behaviors and beliefs that reinforce inequalities between women and men. It helps to facilitate the exchange of ideas, improve mutual understanding and develop competencies and skills necessary for societal change. The management of our institution recruit permanent female faculty on gender balance target. Students of our college hosted stalls in marketing mela for women of Self Help group of neighboring area. Members of woman organizations took part in the event which saw procession, oath taking, skit and other cultural programme. Seminars were organized for girl students during women's day celebration at 8 March 2018 to understand and recognize any form of abuse before fighting for it. The session conveyed the girl student of our institution that to become desirable or even acceptable, a girl has to do something to do well academically or take financial responsibility for her family and
